SPORT at SPS Please don't forget that Sports Day on Wednesday July 6th has been postponed. We are sorry for the disappointment. Don't worry, the children will enjoy a year sports day event before the end of term. We are excited about sport in our new coming year as we have offered to have 2 sports apprentices to support our PE provision. Exciting times!

Online Reporting in FS2

Our FS2 teachers and families have been taking part in a project which has given us a new way of reporting. Last week, the parents in FS2 were sent an amazing iBook showing their child's learning journey over the last academic year. The iBook was over 40 pages long!

The feedback from our families has been lovely to hear and we are extremely happy with the results. Here are some of their comments ...

'A fantastic way of viewing a school report! We loved all the photos'

'A brilliant idea!'

'I love the personal feel'

'What a great way to share a report with the whole family'

'So much time and effort has gone into showing parents their child's learning. They are amazing!'

'We loved seeing photos within the school'

'It was lovely to see the children's environment - it really gave us an insight into what he gets up to at school'

'What a wonderful keepsake'

We are excited to announce that next year our online reporting will take place in nursery, reception and year one!

EU Referendum result

Children of our Debate Club have spent a lot of time recently researching and debating the key issues around the EU Referendum. This led to them having a live debate in the Key Stage 2 assembly last week, which was warmly received by their peers. Following the assembly, children and adults across school took part in a Skelton Primary School EU Referendum alongside the rest of the nation. Much like the actual EU Referendum, it was an extremely close call. However, with 179 votes to 130, as a school we decided to REMAIN in the EU.

A huge well done to all involved in the Debate Club.

Ipad Music- Have you ever thought about how music can be made through technology? This week Mrs Cox took children to the Inspire2Learn Centre to create music on an Ipad. They had an time and if you want to hear what they created please look Inspire2 Learn web site.

How tall is your sunflower?
We can't wait to see them on Monday 11th July.
