

# Skelton Friday Flyer

Happy Easter!  
See you on  
Tuesday 23rd  
April.

The difference  
between try and  
triumph is  
**UMPHHHH.**

We hope that all of our Mums enjoyed a lovely Mother's Day. Here are our competition winners with their bouquets. Well done to Finn and Indy.  
  
Thank you to SKELTON COACHES for sponsoring our competition.

**Some of our  
cracking  
entrees!**

# FS1

This term, the children have been on a journey of discovery to find out if eggs are alive. Through their senses and positive attitude to learning, they now know that there is life inside an egg.

The children have explored the life-cycles of frogs, caterpillars and chicks.

Our egg winners:

Jacob Spaven, Joey Bean, Edward Tennant

# FS2

This term FS2 have been learning about farming, life cycles and where our food comes from. We have been baking bread, voting for our favourite sandwich and learning about keeping our bodies healthy. As always, the children have blown us away with their hard work and positive attitudes. We look forward to visiting the Farm in Summer 2 to round off our learning.

Have a wonderful Easter!

Our egg winners: Myles Johnson, Otis Tullock, Spencer Codling

# Y1

Once again, Year 1 have dazzled and

amazed us with their wonderful attitude for learning. In Spring 2, we have learnt all about traditional tales, Easter and spring. We have been using a variety of skills to make a suitable chair for baby bear alongside many other fun activities. The children also enjoyed the fantastic mining experience, where they learnt all about our local mining heritage.

Have a well-earned rest.

Our egg winners:  
Lois Leyland and Lillie-May-Dunnakey. .

# Y2

We have had another super term in Y2! We have enjoyed learning all about living a healthy lifestyle and creating our very own exercise circuits.

A particular highlight has been finding out all about our local mining heritage. The interest in this topic was amazing and the children impressed us with their questions. Have a fantastic Easter and a well deserved rest!

Our egg winners:  
Rosie Neasham, Noah Cornwell and Lucy Jones.

# Y3

What a fun packed half term it has been for Year 3! From writing our own version of a fairy-tale to deciding whether Julius Caesar followed the 5Rs, we have dazzled all of our teachers with our enthusiasm and passion for learning new skills and knowledge. We have also loved learning about our local mining history and gained so much from our trip and tunnel experience.

Well done Y3 for shining like stars throughout the Spring term and we hope you enjoy your well deserved break!

Our egg winners: Elle Padgett, Ruby Tullock

# Y4

The level of enthusiasm and the commitment that the children have shown towards their tasks this half term has been exceptional.

We have been intrigued by the Romans! Exploring their daily lives, their weapons and getting some tips on leadership from Julius Caesar! We have written the "real" story of Little Red Riding Hood and enjoyed hands on investigative maths with our new equipment. We have also successfully trained for and competed in a volleyball tournament.

Our egg winners: Owen Heathcock, Ruby Parker, Bella Beckwith

# Y5

This term has flown by in Year 5 and the children have

been working exceptionally hard and are all ready for a well deserved break. The children have been absorbed with writing adventure stories, locating cities around the world and developing their sketching and painting skills.

Well done to Harry, Josh and Kelsey for winning the Year 5 design an Easter egg competition.

# Y6

It has been yet another fantastic half term in Y6! We have enjoyed becoming Darwin and investigating bird beaks; we have also loved completing our 'Extreme Earth' topic, exploding volcanoes and painting tsunamis.

The effort and enthusiasm from the children has been superb and we hope to see this continue into the summer term, where we have a residential, first aid training and much more to look forward to! Enjoy Easter—you've earned it!

Our egg winners: Jacob Myers, Marley Burgess/Riley O'Neil and Ebony McQueen—egg-cellent work!
