Dear Parents,

It has been a wonderful week of performances and also staff sharing academic progress data on their year groups so far this year. It was lovely to see the staff beaming with pride over their children and it has been glorious to see the faces of the children as they performed for their families with such pride. Thank you everyone for coming along. Precious memories!

**Child & Adolescent Mental Health Service  
Training Programme for Parents and Carers**

January – June 2017

**About CAMHS Training**

The emphasis throughout the training is on ways to improve outcomes for children and young people. The sessions are designed to be informative and interactive, participation, group work and discussion will be key learning methods used throughout.

The sessions are tailored to parents and carers with no previous mental health knowledge; the session is suitable for parents and carers who wish to develop an understanding of children's mental health issues using a risk and resilience framework.

For further information or to book a place on one or more of the CAMHS parents and carers training sessions, please contact:

TEWV.CAMHS-Training@nhs.net or 0300 013 2000 (option 1)

**What's included in the sessions.....**

**An introduction to Mental Health - Risk and Resilience**

This half day session acts as an introduction to the subject of children's mental health, understanding what this means and the impact on young people/families and communities.

The risk and resilience framework is introduced and explores how this can be used to improve outcomes for children/young people and their families.

**An introduction to Self-harm *NEW!***

This session will provide an introduction to self-harm, helping parents and carers to understand the definition and prevalence of self-harm and the reasons young people may engage in this behaviour. Consideration will be given to factors that increase a young person's risk of self-harming and factors that can help to increase resilience. The session will outline how to talk to and support young people engaged in self-harming behaviours and help identify which services are available for support and further information.

**An introduction to ASD *NEW!***

This introductory session will provide an overview of Autism Spectrum Disorders (ASD) and develop an understanding of how this disorder might present in children and young people. The impact of this disorder on young people and their families will be explored and supportive strategies and approaches discussed.
