Dear Families,

How are you?
How are your families?

It has been a busy week in school as we make preparations to open 14 bubbles around the building; 5 bubbles in upper school on Monday 8th and 9 bubbles in lower school on Monday 15th. We have been able to accept all of the FS1, FS2 & Y1 children who requested a place. There will be 132 children in school and given current government restrictions on social distancing, school will be full.

Staff continue to work very hard, making welfare calls to you at home. It is lovely to hear your voices. It is also great to see the learning that you have been doing. Please continue to share it with us.

5 a days will continue Monday- Friday and form the basis of work both at home and at school.

Keep safe everyone, Ms Walker

THANKYOU to many of our children who recorded a message for staff this week. We really appreciated it. Follow this link:

LUNCH VOUCHERS/ BREAKFAST HAMPERS

MFC & Magic Breakfast will continue our daily deliveries. We received a very generous donation of crisps and fresh orange juice from GREGGS this week

HUGE SPS MFC COVID-19 MURAL

The final touches are being added to a spectacular mural being created in our lower hall. Inspired by the windows of one of our family homes; a large mural depicting lego key workers, Sir Colonel Tom and the handprints of our children is almost complete. The mural will be displayed in the family zone at the Riverside stadium following a grand unveiling. Here is a sneaky peak.

Mr Newton's Joke Corner

Why do bananas wear a lot of sunscreen?
